

## HEALTHCARE

Make patients feel their health and wellness is your top priority. Be the hospital at hand using Textlocal services.

Use Textlocal services to send appointment updates, detailed medical reports, patient scan images and treatment sheets to a mobile phone. Issue scannable digital medical passes to hospital visitors and even loyalty vouchers that can be redeemed at select chemists.

### Never miss an appointment

Send automated confirmations and reminders for doctor appointments, medical tests and medicine refills to patients by integrating [Textlocal SMS APIs](#) with the hospital's patient management software.

Hi Dilip, Here is your diet plan for the next 4 weeks - <http://tx.gl/r/TL>. We advise strict adherence for a quick recovery.

### Keep disease away

Encourage a preventive health check-up culture by sending Textlocal [mobile vouchers](#) for medical camps or appointments along with SMS reminders.

## Streamline internal communication

Notify your medical staff and admin teams about time-sensitive information such as ER emergencies, OT wait-times, new patient registrations, and more. Let Textlocal take care of timely SMS deliveries.

DM-IMDATT | 09:40 PM

Hi Dr. Amit, new patient admitted in ER, Mr. Rajesh, needs your immediate attention.

## Inject excitement

Build interest for your upcoming health camps and community events. Send personalized media-rich messages in 20+ regional languages with just a couple of clicks in Textlocal UI.

## Appointments made easy

Allow patients to seek appointments by texting the time slot to the hospital's SMS inbox setup using Textlocal short code or long code services.

## Manage visitation

Issue mobile visitor passes to patients' visitors and limit access to the patient rooms using Textlocal mobile ticketing solutions.

## Feedback in minutes

Let patients know you care and allow them and their kin to provide feedback on your hospital processes through Textlocal survey forms. Create a mobile-optimized survey within minutes on Textlocal.
